LANDSCAPE SERVICES CONTRACTOR

www.LandGplus.com

Welcome to the latest autumn edition of *Kaleidoscope*. This time we're going to change things up a bit and share some real photos of our team and what we can do for you! Remember, at L and G Plus, our clients are our focus, so enjoy reading and seeing what we can do for you!

Color in the fall and winter can be just as great as summer! Check out these beautiful snapdragons and pansies (*left*) we planted in a local Virginia Beach garden. If you'd like these or other cool temperature plants, give us a call! We have a rainbow of colors waiting for you, but don't delay! Quantities and availability are limited.

Surprises are the best, and L and G Plus can act now to have one waiting for you in the spring. Look at these beautiful daffodils (*right*). There's nothing like coming home in March when the chill is still in the air, but daffodils are smiling and waving as you drive in. Your yard can look like this too! Now is the time to let us know if you want bulbs planted in your garden.

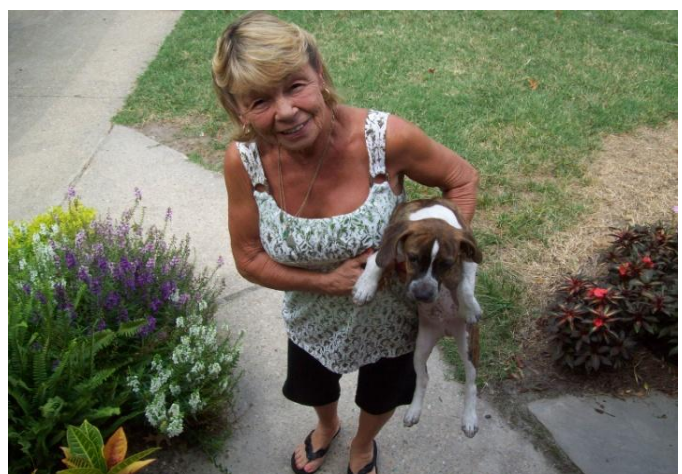

Education is the way we provide the best service to our clients. We are constantly learning the newest techniques. Here we are (*left*) at the annual Virginia Nursery and Landscape Association Field Day for Continuing Education. There we learned about turf care, plant identification, and sustainable landscaping. We were one of the few companies who had their entire staff there!

Our Team is here to help you—always! Above from left to right are (*front row*) Russell, Dan, and Billy; (*middle row*) Wes, Paula, Brittany, and Marc; (*back row*) Mary Anne, Kevin, John, Scott, and Andy. What a great lookin’ bunch!

Look who’s new to our team! Dan Page and Billy Folts (*bottom left*) have joined us as groundskeepers; we’re glad to have their fresh, new talents! A special new member of our team is Maxwell—a beagle/terrier mix who is 3½ months old. We rescued him from the animal shelter, and as you can see (*left, below*), Maxwell and Paula are both very happy! Please welcome Dan, Billy, and Maxwell to the L and G Plus family!

Mystery is an important feature in every garden. There should be something exciting lurking around every corner of your yard. How can you add mystery to your landscape? How about having us install a pathway (*left*)? From brick, to stone, to pebbles, and everything in between, we can put in the perfect path that entices everyone to take a gander. You can have your friends meandering their way through your garden to find delights they never knew were there!

Vegetable Gardens don't have to be boring! We can even save your knees and back! Raised planting beds (*right*) are a great way to incorporate a vegetable garden into your landscape. And just because it's fall, it doesn't mean it's time to lose the taste of fresh vegetables. We can plant spinach, kale, cabbage, lettuce, chard—you name it, and we have the plants for you. Let us know if you're ready to enjoy the fruits of our labor this season!

Fall really is the best time for landscaping. Right now, of course, we're installing sod, aerating, seeding, and taking care of all the turf. But there's more! We can install all sorts of great plants for you, from bushes to bulbs! We can even complete some big jobs for you in the winter. Here you see us moving a tree that was too close to a home (*left*). No matter what your needs are, we can help you prepare now to have the best garden spring and summer ever offered!

Our Clients tell us all the time that what we do makes them happy, and this makes us even happier! One of our satisfied clients of many years, Dr. David Konikoff, said it best, "When you come home, a lot of things look good, but what's important is that it makes you feel good." We at L and G Plus always want you to feel this way, and we do everything we can to make it happen!

Invoices in your mailbox have taken on a new and different look. Have you noticed? Now we're using tear-top invoices so you can easily send payments with a minimum of fuss and muss. And don't forget to send us your email! You could conveniently receive *Kaleidoscope* or other notices electronically. Yes, L and G Plus is embracing the electronic age, too!

Don't forget to let us know if you're planning a holiday or birthday party. We want your yard to impress your guests!
