L & G Plus...celebrating 20 years of experience!

**LAWNS &
GARDENS PLUS**

422-2117

LANDSCAPE SERVICES CONTRACTOR

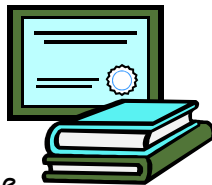

Welcome...

At Lawns and Gardens Plus, our "plus" is our people, and that includes everyone involved in meeting your landscaping needs. We have begun this newsletter in hopes of fostering good communication between us and our valuable customers. We want to remain the best in town, and we appreciate your help in putting us there!

Staff highlights...

Did you know that many of our staff members at L & G Plus are highly qualified as Virginia Certified Horticulturists with the Virginia Nursery and Landscape Association? Just who has earned this high honor? Check them out:

- Scott Atwood
- Wes Bray
- Russell Lynch
- John Wright

We are also adding two additional staff members to help our growing business. Kevin Atwood will help with turf and garden, and Mary Anne Atwood will be our new office manager. Welcome Kevin and Mary Anne to the dedicated L & G Plus team!

Training...

In order to remain up to date and to meet the needs of all our clients, we have one hour of training weekly for every L & G Plus employee. This training is specifically designed to enhance what we do to make your yard beautiful.

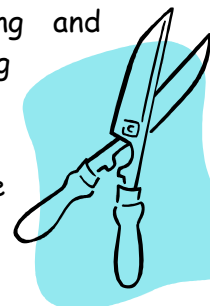

Tis the season...

Now is the time to talk to us about spring and summer flowers. We want your yard to look good for any future events you may have planned, so let us know what you need. Weddings, parties, bah mitzvahs—any exciting occasion you have planned, please let us know. Your event is as important to us as it is to you!

In the garden...

What's going on now in the garden? Right now we're finishing winter pruning and clean-ups, and we're getting ready for the opening of the spring garden. Mulch is going down, and Paula is tickling the leaves and talking to the children—the plants!

On the turf...

Turf grass will soon be coming out of dormancy, so we're fertilizing, liming, and adding weed control. All this builds on the aerating and seeding we did in the fall. We're working hard toward a lush spring lawn!

Speaking of lush, lots of watering is required to ensure your lawn looks as good as it possibly can. Do you have trouble keeping up with watering duties?

Sometimes watering can be tricky—you can water too much or not enough; it's hard to strike the perfect balance. What to do, what to do?

Never fear! We work closely with Irrigation Works! Irrigation Works can help you with all your watering needs. Give Robbie Parks a call at 340-5879. Tell him the L & G Plus team sent you!

On the calendar...

The Virginia Beach and Norfolk Garden Tours are coming up during the week of April 21. Lawns and Gardens Plus has four summer homes on the tour

this year—the Goode residence in Norfolk; and the Davis, Belk, and Short residences in Virginia Beach. Come out and join the tour to see how L & G Plus is working toward making our entire community beautiful!
